

NWMMOC visit to Charles Ware's 9 March 2019

Fifteen of us were treated to a tour of the workshops by Andy Hemings, who has been at Charles Ware's for 32 years. Andy accompanied us for two hours so there was plenty of opportunity to ask questions and discuss projects. It's a truly international business, with a great variety of Minors under restoration. The star of the moment was a smoke grey 4-door with a blue coachline and maroon upholstery.
