

**DBP162B “Wilbur” & ONW451B “Wilma”
Martin O’Brien**

Wilbur: 1962 Morris Minor Pickup with a lockable hard top tonneau fitted. Was grey on acquisition, now wrapped in Cranberry. Standard 948 cc engine, servo assisted front brakes and electronic ignition

Wilma: 1964 Saloon, extensively modified to include a Rover V8 engine with space cage and all usual upgrades to suspension, brakes, gearbox etc to make the RV8 safe and usable. Is currently 'as-acquired' but will be a project for me to bring fully up to scratch.
