

Hamper Progress no. 13 Christ Church, Swindon

Stephen Rogers writes:

At 10.30 on Friday 23rd April on a bright and sunny morning Harry and Kath Ridley met Steve and Shirley in their Travellers to hand over a now heavy hamper.

This was done at the Grade II listed Christ Church built in 1851 on the hill overlooking Swindon.

The Travellers were manoeuvred into position in front of the main entrance to the church for the photo shoot. The Rev Simon Stevenette and his father joined us. His father who has Alzheimer's and used to have a Traveller, sat in Harry's Traveller and this brought a smile to his face.

The next hand over of the hamper will be in the Railway Village between Steve and Shirley with Chris.

I bought my Traveller in 2006 after my wife Doreen passed away and named it after her. I joined the North Wiltshire MMOC two years later and have enjoyed many trips and rallies ever since.
