

Minor Messages Series 2 no. 5

Branch Bubble 3

On 29 July Steve Chater kindly came over to Malmesbury to give Bill a hand (well actually, do all the work) on his Triumph, which was suffering from a failed fuel pump. Steve's Prison Van proudly displays a tax disc showing that it was originally registered to The Crown. It is one of only three such vans still in existence.

The Triumph is now at last able to move under its own steam again, though there is more work to be done. Thank you Steve.
