Branch Bubble 4

Martin and Jenny Howard drove their 1970 4-door saloon over from Standlake to visit Pam and Ash Holmes. It just counts as a Branch Bubble - can you spot Ash's 1970 Traveller?

Branch Bubble 5

Steve Chater popped out from Cirencester to meet new Branch members Ruth and Seb Parsons. Ruth says, "When I was a little girl one of my Mum's best friends had a Morris Traveller. I loved her and the car and have wanted one ever since! Over 40 years later I have been able to buy my dream car - a 1971 Traveller called Daisy. I'm really enjoying driving her to Swindon every day. I was so nervous at first but it seems quite normal now!"

Steve says, "I was able to answer a few questions that Ruth had about Daisy, and help with the list of parts she needs. Nothing too serious, mainly grommets and rubber seals. They both thanked our club for the efforts we have taken to make them feel part of our 'family'."
