

MINOR MESSAGE no. 5

From Alison Shailes in Indiana, USA

Hello everyone,

We hope you are all well and staying healthy, as we are all in quarantine at the moment both sides of the pond, my family are trying to support our local restaurants and coffee shops, one in particular is Schoolhouse 7 Cafe. An old school house that opened in 1900, now it has been converted into a cute little coffee shop all themed around education.

Due to the quarantine order we can only go through the drive through, which is no problem in our American cars! But driving Doris through a drive through is a different story!

She is still in hibernation - hopefully not for much longer, but it made us chuckle talking about driving her through one. It took me a while to be able to do this as Oliver & Isobel were too small to reach out to order and get the drinks. But now they are big enough!

You should see the looks we get and I have to say 'Yes, it is a Morris Minor from the U.K.!!' every single time! Sometimes we have had to smile for a photo - always when you have convertible hair - ha ha!

So here is a photo from last summer when we had to get refreshments following a long day on the softball fields.

Now we are dreaming of sunshine and softball again, hopefully not too long to wait!

Keep healthy and we love to hear all your news.

Alison, Doris and the rest of the family.
