Diana Jeremiah has forwarded this message from Bassett Classics:

John Putnam of Royal Wootton Bassett has spent many years restoring cars, but is no longer able to do so due to ill-health. He has a garage full of car parts and tools, including a hydraulic crane and a half-finished Morris Minor, and wants to sell them all now for a modest price. He is happy for anyone to have a look around the garage and to make him an offer for anything they would like. If you are interested, please give him a phone call on 01793 855179 to arrange a visit.

To all branch members:  
If you are out in your Minor for any reason, do send **BILL** a photo and a few words for inclusion in our "Minor Messages".
