

## Barn find saved! 16 March 2020

We are very pleased to say that one of the two "barn finds" reported to us in 2018 has been saved. The 1958 4-door Morris 1000 saloon, dark green with grey upholstery, was driven into the shed in 1992 and not moved until 13 March 2020. Steve Chater found a prospective buyer and led patient negotiations over a period of eighteen months involving the car's owner; a friend of the owner; and the developer of the site. The buyer intends to put the car back on the road. We look forward to hearing more!

As found, 13 Sept 2018
